# Muhannad Aldawsari

*Cloud Engineer | Google Cloud Certified ACE*

m.aldawsari221@gmail.com +966 50 866 1214 Riyadh linkedin.com/in/muhannad-aldawsari

## Professional Summary

Google Cloud Certified Associate Cloud Engineer and Software Engineering graduate from King Saud University (GPA 4.77/5.00), with hands-on GCP experience from Tuwaiq Academy's Cloud Engineering Bootcamp. Skilled in supporting and troubleshooting GCP infrastructure, including Compute Engine, Cloud Storage, IAM, VPC networking, and load balancers, using Cloud Logging, Cloud Monitoring, and the gcloud CLI. Experienced with Linux, Terraform, and Docker.

## Cloud Training

**Cloud Engineering Bootcamp – Google Cloud** **10/2026 – 11/2026** | Riyadh
Tuwaiq Academy

- Deployed and managed Compute Engine VM instances and persistent disks; administered Linux VMs over SSH and Cloud Shell using the gcloud CLI.
- Configured custom VPC networks, subnets, firewall rules, and routes, and set up Cloud Load Balancing and Cloud CDN for highly available applications.
- Implemented IAM roles, service accounts, and least-privilege access controls, and applied encryption and key management best practices.
- Built Cloud Monitoring dashboards and alerting policies and analyzed Cloud Logging logs to troubleshoot VM, networking, and access issues.
- Provisioned and automated infrastructure with Terraform, and managed Cloud Storage, Cloud SQL, and BigQuery resources.
- Studied hybrid connectivity using Cloud VPN and Cloud Interconnect.

## Technical Skills

**Google Cloud Platform**
Compute Engine, Cloud Storage, Cloud SQL, IAM & Service Accounts, VPC Networking, Firewall Rules & Routing, Cloud Load Balancing, Cloud VPN, Cloud NAT, Cloud Shell

**Systems & Networking**
Linux Administration, DNS, Subnetting, SSH

**Monitoring & Operations**
Cloud Logging, Cloud Monitoring, Alerting Policies

**Containers & DevOps**
Docker, Git, GitHub, Kubernetes, Google Kubernetes Engine (GKE), CI/CD Fundamentals

**Infrastructure as Code & Automation**
Terraform, gcloud CLI, Python, Bash

**Software Development**
Java, Python, React, SQL, PostgreSQL, MySQL, RESTful APIs, Laravel

## Certifications

**Google Cloud Certified – Associate Cloud Engineer**
Google Cloud | Nov 2026

**DevOps Pre-Requisite Course**
Kodekloud | Sep 2026

**IBM Full Stack Web Development**
IBM | Jan 2026

**Docker Training Course for the Absolute Beginner**
kodekloud | Aug 2026

## Education

**B.S. in Software Engineering** **2026** | Riyadh
King Saud University
GPA: 4.77/5.00

## Experience

**Frontend Developer CO-OP Intern** **06/2026 – 08/2026** | Riyadh
MAZNEXA

- Diagnosed and resolved cross-browser and layout defects on the live production website, validating fixes across devices and browsers.
